

Dr. Erickson received his MD and PhD degrees from Mayo Medical School and Mayo graduate school, and went on to complete Radiology Residency and Neuroradiology fellowship at Mayo Graduate School of Medicine. He then went on staff and is a Professor of Radiology with a joint appointment in Biostatistics and Bioinformatics. He is also Chair of the Division of Radiology Informatics. He is the current President of the Society for Imaging Informatics, and also serves on the Radiology Informatics Committee of the RSNA. Dr. Erickson is the recipient of NIH grants for research on Computer-Aided Diagnosis technologies, as well as NCI's Cancer Bio-Informatics Grid (caBIG).
