

## Biographical Information

Steve Zigler, Ph.D.  
PETNET Solutions, a Siemens Company

*Sr. Director, Engineering and Development Group.*  
Knoxville, Tennessee

Dr. Zigler has worked in PET since the early 1990's when he was involved in the development, submission and approval of the first NDA for [<sup>18</sup>F]FDG. Since then, he has worked for PETNET Solutions in Knoxville, Tennessee, the first commercial distributor of radiopharmaceuticals for PET. At PETNET, he has led various departments, including Q&R, Technical Development, Engineering and Development and new product development. His work at PETNET has focused on process development, standardization, documentation, validation and commercialization of new PET imaging agents. In 2005, he was elected to a five-year term as a member of the USP Committee of Experts for Radiopharmaceuticals and Medical Imaging Agents where he has been involved in the development of new monographs for PET drug products and a revision of General Chapter <823>, Radiopharmaceuticals for Positron Emission Tomography-Compounding.
